Oak Glen Schoolhouse Museum & Park Improvements Inch Closer to Reality

On Tuesday, the Board of Supervisors approved advertising for bids for improvements to the Oak Glen School House Museum and Park in Oak Glen, moving even closer to accomplishing them.

Planned improvements include site grading, retaining walls, construction of a new public restroom, installation of new playground equipment with proper fall zones and surfacing material, installation of picnic shelters, handicap accessible walkways, parking lot rehabilitation, landscaping to include an interpretive working apple orchard, irrigation, and other improvements.

Costs for the improvements are estimated to be \$1,086,000 and will be funded by \$500,000 State Proposition 40 Grant funds and \$586,000 from CSA 63's own funds.

"This is a tremendous project for the residents of the community of Oak Glen and for the thousands of visitors who come here each year," said Third District Supervisor Dennis Hansberger.

Competitive bids for the work will be opened on May 15th.
